SAIL FRENCH POLYNESIA

Want to explore the South Pacific in the most unique and romantic way possible? Reserve a room aboard a luxurious TradeWinds yacht for the travel experience of a lifetime.

You will wake up to a different breathtaking view every morning of your exotic sail. One day, you could be taking in the sunrise over the lush green hilltops of **Taha'a**, French Polynesia's "Vanilla Island." On another, you could be enjoying coffee while watching spotted eagle rays glide by in the crystalline waters surrounding **Bora Bora**. TradeWinds offers all-inclusive sailing trips around the globe, but the French Polynesian Society Islands' itinerary is its most swish.

Book one of the five cabins onboard a TradeWinds 59-foot luxury-class catamaran and you'll be treated to the best bespoke honeymoon service at sea. Each vessel operates as a floating boutique hotel with a skipper and first mate catering to your every need, whether that's teaching you the basics of sailing or mixing your favourite cocktail. Cabins on TradeWinds yachts feature a queen-sized island bed, room-controlled air conditioning and an en-suite bathroom with a shower.

All TradeWinds catamarans are equipped with ocean kayaks, stand-up paddleboards and snorkel gear, so each time the boat drops anchor, the sea instantly becomes your personal playground. On top of all this, TradeWinds prides itself on making luxury yacht charters accessible to people who may not have celebrity-sized travel budgets: a Society Islands cruise is actually one of the most affordable ways to explore **French Polynesia** in style.
